WHEREAS, The Oregon State Fire Marshal, in accordance with ORS 476.030, has amended and adopted the International Fire Code, 2012 edition, establishing the 2014 Oregon Fire Code; and,

WHEREAS, The Board of Directors for Jackson County Fire District 3, in accordance with ORS 478.910, finds the need for prescribing regulations that govern conditions which may be hazardous to life and property from fire and explosions; and now, therefore;

IT IS ORDAINED AS FOLLOWS:

TITLE AND FILING:

This ordinance, including the codes hereby adopted, shall be filed in the record of the District and in the office of Jackson County Clerk and Oregon State Fire Marshal's Office as prescribed by ORS 478.940. A copy shall be posted at each fire station within the District. From the date on which this ordinance shall take effect, provisions thereof shall be controlling within the territorial limits of the District and within each city and county within the District approving the provisions of the Oregon Fire Code pursuant to ORS 478.924. The whole of this ordinance shall be known as the Fire Prevention Code and may be referred to as the Fire Code and shall be enforced by the Fire Code Official of the Fire District in accordance with ORS 478.920.

SCOPE:

The purpose of this code is to establish the minimum requirements consistent with nationally recognized good practice for providing a reasonable level of life safety and property protection from the hazards of fire, explosion and dangerous conditions in new and existing buildings, structures and premises and to provide safety to fire fighters and emergency responders during emergency operations and authorized by ORS 478.910.

SECTION I – ADOPTION OF THE 2014 OREGON FIRE CODE

The following code is hereby adopted by the District for the purpose of prescribing regulations governing conditions hazardous to life and property from fire or explosion. Those certain codes and standards known as:

- A. The International Fire Code, 2012 Edition, as published and copyrighted by International Code Council and as amended and adopted by the Oregon State Fire Marshal's Office and known as the 2014 Oregon Fire Code.

SECTION II – ENFORCEMENT OF CODE

Notwithstanding provisions in the 2014 Oregon Fire Code authorizing or requiring inspections of buildings and premises or testing of fire protection systems and equipment, or provisions providing for enforcement of the Fire Code, such inspections, testing and enforcement of the Fire Code shall be discretionary by the Chief and other individuals charged by the Chief with such activities. The District recognizes that it has limited financial resources with which to provide fire, rescue and other services and functions and is forced to make public policy decisions as to allocation of District resources. Although the District places a high priority on prevention, inspection and maintenance of fire systems, due to financial limitations, it is the Board's policy to require inspections only so often as necessary to provide a reasonable level of fire and life safety. Accordingly, although the Fire Chief and other individuals charged by the Chief with these activities are encouraged to pursue them, performing such activities, as well as the scope and frequency of such activities shall be within the discretion of the Fire Chief. It is the intention of the District to make clear that the District's duty to perform the inspections and testing, or to take enforcement actions, as set forth in the Fire Code is limited to providing a reasonable level of fire and life safety. Such actions by the District are discretionary.

SECTION III – JACKSON COUNTY FIRE DISTRICT 3 SPECIFIC AMENDMENTS MADE TO THE 2014 OREGON FIRE CODE

Jackson County Fire District 3 hereby adopts the 2014 Oregon Fire Code without further amendments.
